

Your support is already creating hope

Dear friend,

We are halfway through our Start Their 2026 With Hope campaign — and already, your generosity is making an incredible difference.

Thanks to early supporters, we will be able to provide:

- 📖 notebooks and supplies for students who have none
- 🍲 warm meals that help them stay focused
- 🚌 transportation assistance to reduce missed school days

Every gift, no matter the size, helps a student step into 2026 with dignity and confidence. But we are not finished yet. Many more students will need these essentials to begin the school year better prepared.

We do this every year...

One teacher shared this simple but powerful moment from earlier this year:

"When the students received their supplies, the room filled with smiles. One girl hugged her notebook like it was the most precious thing she owned."

This is what your generosity creates, moments of joy, hope, and possibility.

Let's Build on This Momentum

With your help, we can reach more students and give them the tools they need to walk confidently into the classroom on the first day of school.

Your support today can:

- Deliver more backpacks
- Cover essential transportation
- Strengthen access to technology and the labs
- Provide meals throughout the school week

You can help us finish this campaign strong — and transform the start of 2026 for our students.

This holiday season 🌟
may your gift be a donation of hope

- ➡ In Guatemala: donate securely via PayPal
- ➡ In the U.S. or Canada: give through Hopsie (U.S. donations are tax-deductible)

One More Way to Help

Please consider sharing this campaign with friends, family, or colleagues.

A single share can bring a new donor and that might mean a new beginning for a student.

Thank you for staying with us on this journey. Together, we are creating brighter beginnings for 2026.
